took interest in the learning. Three four got at least two cases of delivery each while I was attending the same. The other four did not get any chance of any delivery in my presence. So, we can safely say that only four dais have been trained so far. The other 4 know very little of the modern method. A number of domestic difficulties face them. So, it is not possible for them to attend regularly.

Now A maternity Home is thought of at Vadval a place 34 miles away from Shalā-prabhā. Through this home the dais will be trained hereafterward.

Copy of letter written to Mr. Nimbkar's son on date 7.9.60 to Sonny.

(1) I gathered recently that you are in close touch with Mr. Kangoolis and that he also visits Phaltan regularly.

(2) I am aware that you come in touch with him through your father and therefore you may be more free with him than you would have been otherwise and may have accepted him as a close friend.

3) Because of certain instances at Shahapur I feel it my duty to advise you to keep your eyes open when dealing with this friend and not give him an opportunity to put you under obligation.

(4) I had asked your father to write to you about this. But he told me that he felt that any advice or direction coming from him was resented and defied and therefore he has left off writing to you both.

(5) Because of affection and oneness I feel towards both of you I would like to forewarn you and therefore I look at

This morning Mr. Kangovi came to me and said "तुम्ही माझे डिपो साफ्ट, तुम्ही मी डिपो साफ्ट, तुम्ही मी डिपो साफ्ट, मी तुम्ही पाहिजे आहे, मी तुम्हाला, पण त्यांचे शरीरामध्ये विषारी तीन पाहिजे आहे ?" He gave vent to his feelings in this manner and gave some instances of the way in which his wife had received attention at the hands of our staff. He taunted me. So, I had to sit with him for quite a while and get all facts correctly noted in my mind. For this purpose I asked Kanyalal also to be present when this conversation was going on. After I heard everything Dr. Vaidya gave me a note in which he had enumerated all the "Complaints" of Mr. Kangovi. I told Dr. Vaidya that "Shri Kangovi's remarks had pained me and therefore I had decided to stop the external Radio and all kinds of physical culture exercises including drill from tomorrow the 19th morning. This action will help us to search our hearts.

But they said they were hurt much and the wound inflicted by those words of Dr. Vaidya will remain carved on their hearts. I was sorry to hear them talk in that manner. But, all that was told was true. It would be difficult for any one to mend matters. So, I had to decide to keep quiet until Gangutai met me and told me everything, then ask.

Fernandis told me that Gangutai had gone to Hubli by mail yesterday and that Dr. Vaidya and Vimal had asked him to look to the comfort other and also watch over her much. I didn't know why she left so quick knowing well that I was coming here today. I wanted to know more details from him, but he did not know. What can he tell me when he know nothing. "Was anyone sick at home? What happened". I had to wait until I reached home — and had a talk with Vimal and Dr. Vaidya.

Vimal told me that Gangutai had gone because of Appa's arrival at Hubli from Kolhapur and it was Appa who wanted to meet her. That was the reason why she had left.

This day Narmada took off Vimal's ornaments and kept aside and said that she did not want to continue staying in K.H.I. and they wanted Dr. Vaidya to leave. They had obtained Rupees each — as salary from the Institute. He thought that they were selling Gangutai 100/- Rupees of the institute. He thought that they were selling their work did not want to stay in a place where from the view point of the institute. Therefore they would not want to stay in a place where a demeanour of K.H.I. was considered as the most Vimal said that not a minute she was not treated as a human being. As long as she was not appreciated, where she would not want to stay even without her work was not appreciated, where she would not want to stay even without and were equal treatment was not meted out. As long as there was no question of her parents and her two brothers she had no question of even without maintainance and the world will not think we are any service. As soon as her husband passed away we have no right to quit and go. She asked me to go home and serve there where she wanted to. Narmada Gangutai Shenoy her permission. Narmada where she wanted to. She asked me to go home and serve there where she wanted to. She asked me to write to the D.H.S. Took night plane at 10.40 at Palam. Rushed to Palam in Mathews car along with Nimbkar, Balwant Puranik and Gopi. Reached just in time to get my papers for the journey.

It was at about 8.30 P.M Gopinath came and asked me "Who is Sudha in your house"? I said "Bhanu's wife". Then he produced the Wire he had received in which Bhanu had stated "Sudha serious, start immediately". I was puzzled. It was a shock. For a time I did not know what to do. I said to him "She that wire to Raja and Iyer". He did. "He has wired Iyer" said. There was no other go but to leave at once. So, Gopi started telephoning to the Air Corporation to get a seat in the night Plane. There was no time to telephone home and find out everything about the sickness. Mr. Nimbkar and Balwant also had come to Iyers, they too took part in making arrangements for the money of mine. After food we left and went to Palam

Wednesday 9 Sudha Shevade death taken place this day early morning at 2

मार्च ता. ९ बुधवार (69–297) फाल्गुन शु. ११ सं. २०१६

Early morning when I reached Santa Cruz Aerodrome Yamu and Kashinath were there. It was 5.35 A.M. when I reached Bombay. At that time they were there. I was glad to meet them there. We went to L.R. Shevade and asked both the brothers as to whether they knew anything about Sudha's illness. None Knew. So, I went to Kashinaths. Took tea and left for the V.T. Station. Caught the 8.10 A.M. Express for Poona. Fortunately for me there was accomodation in first class. At Miraj Mr. Joshi, the Gadag Station Master came in my bogie. He was going to Gadag. At Phalatan Prabha Dr. Vaidya, Balanche had come. Vatsala was there Chanda, Narmada & Vimal were also there. Deshpande had come to see me off. Vimal joined me in the journey and went to Hubli to see Ganpatrai & other members of the family.

Dr. Vaidya gave me the bad news of Sudha's death early this morning at about 2. He said he knew not the reason or the cause of her death.

Vimal who was in train with me did not know either. She was sobbing and kept herself mum for a long time, until she slept.

The Air Ticket from Bombay to Bangalore was returned to Gopinath by Kashinath from Bombay as a seat in Banal plane was not available.

Reached Hubli with Vimal. Gangulan gave me a few details about the sickness of Sudha. The whole thing was tragic indeed. I sent for the doctors — Shri Kamal — Father and son. They narrated the whole thing and said "We did all we can to save her. God willed it otherwise!"

There was a stream of visitors today. All expressing their sorrow for the demise of Sudha

Sudha Shevade's brother Dr. Padhye from Ajra comes today — after hearing the sad news of his sister Sudha.

He had referred to the work of Dwarka and Padmaja and had praised the same. I did not agree at all that I had heard from both Narmada & Vimal and told her that I had asked them not to think of going & leaving the K.H.I. Had been with the Administrator Mr. Shah & to see the improvements which were effected by him in the City. Spent about 1.30 hours with him & good work he is doing.

Had been to Karegoudra's house for lunch with Partha Sarathi the Divisional Superintendent of the Hubli Division Railway. Presented to him a number of cases which were pending with me. (R.S. Kulkarni, Ramkishna and Veri) Had a talk with him in detail about each.

Mr. D'Sa came home to meet with Sheriff and Murthy. Promised to go to Sheriff's house when ever he came to take me. At 4.20 P.M. went and sat there for about one hour and a half chatting with the Engineers of the Electricity Board of Mysore.

Had been to the Women's Hospital to meet Omabai and the three doctors now working there. I have told them all that they should not possess a telephone in the Compound of the Hospital. I have asked the C.M.O. to give me a note on whatever improvements she desires to effect now in the Hospital.

He wanted to know the thought that prompted me to start Amrit Organisation in 1929. "Can you remember now or can you recollect the thoughts that prompted you to undertake any work of some worth in life and which was of a lasting nature?" "If so why not jot them down?"

Some friends complained about the administration of the Hospital and that he is doing the Christian the people of Hubli making them suffer.

Mr. Shanti Asumthalar came. Asked him about the Civil Hospital Commr. He denied but said that he did not like the Doctors to be under the Control of the Civil Surgeon and not the municipality. He said he would try to get this changed.

I was supposed to be the Chief Guest of the Factory Day of the Electro Metallurgical Works Pvt Ltd, Dandeli. As per promise of the Company management the Van came at about 2.45 P.M. As most of the children from home desired to come it took time to leave. We left at 3.40 P.M and reached at 5.50 P.M. After finishing the function we left Dandeli for Hubli again at 10 P.M. and reached home at 1 A.M.

Those who went to Dandeli are: (1) R.K.S. (2) Radhabai (3) Vidya, (4) Asha, (5) Shashi (6) Chhaya, (7) Meera (8) Gopalakrishna (9) Sudhir (10) Pushpi (11) myself. Though none of them were able to see the factories they were more than satisfied with what little they saw.

I was glad to read in letters that Shanta was elected to Rajya Sabha. At her request I had urged the secretary of the Congress to give her a chance but elsewhere to be elected. But she got in. That was a great relief. We have worked hard in Gujarat for her.

Early morning today I sent a word to Dr. Kamat and requested him to come home with the blood pressure instrument. He came. Examined me and said "it was 130 - 80." "There was no fear." He said "It may be due Asthma or Chronic Bronchitis." This Kind of giddiness was never experienced by me in this life. Early morning I felt some kind of thirring in the body. I can not explain how it was. But it was something that made me shudder. Some Kind of nervous feeling had now come over me.

Krishnan, Kulkarni P.D and, Kulkarni V.M. — All three came to Anandam this evening. We discussed about ① Holiday Homes for Children in Maharashtra ② Training at Handicraft School in Bombay and ③ Infirm and old people's homes in Maharashtra

It was decided that we visit the Indian Council of Child Welfare office Tomorrow and get full information from them about the Holiday Homes. They want the K.H.I. To run the Homes but to entrust it to one or two persons who know the art of attracting children.

Had been to Central Bureau of Health Education with Anandan. Learnt a lot about the Health Education work. Nagrani was there. Brought two books —
for Vimal to see, study and copy similarly. I was her to pick up the art of attracting not only elders but the little ones also. I wish she learns and spends her time in reading a lot on that subject.
Had been to the Willingdon Hospital to see Govardhan Patel who was there for nearly six weeks now. He was indeed glad to see me. I have told him not to hurry to go home. He should obey the doctor.

Saturday 16 Laid foundation-stone of the Railway Hospital in Hubli

एप्रिल ता. १६ शनिवार (107–259) चैत्र कृ. ५ सं. २०१६

Went to Dharwar with R-K-Shende, Sham Hubli Kar. At Dharwar we met M.K. Allabax and took him also to the Government Milk Dairy. When we reached that place there was none in the office or in the dairy itself. We saw everything. The whole thing was dirty including the cans and the ice containers that are dipped in the cans full of milk. There was no tidiness also. The entire building was dilapidated. The flooring where cans were washed was torn to pieces and it seemed that dirty never was removed from it. We left the dairy and went to the Supervisor — Mr. Partha Sarathy, Veterinary Surgeon. As he was not in his room we left a letter for him and went to the Collector. We told him about it and requested him to pay a flying visit to the dairy and study it.

At about 4.20 P.M. a few minutes after I got up from my nap in the afternoon I was sitting talking with a person who had come to see me. At that time, I got a sudden giddiness. It lasted ½ a minute. As I was sitting on the floor I didn't fall to the ground. This giddiness made me very weak.

Went to the Railway Colony at Hubli for laying foundation stone of the New Hospital of the Southern Railway at Hubli. My speech was printed. It was much difficult for me to read the speech as I had cold that afternoon.

Vasudeo Kher came to us today to see Vidya Shirvade. In doing so, he took permission of his father. He stayed with us until 9.30 P.M. and went by the night Express. The boy seems to be very intelligent and simple. He is national minded.

Gangutai went to Dharwar at 11.45 A.M. We went in Chachadi's Car to leave her at Dixit wada in Tonga Nagar, Dharwar. Along with me Mr K.G. Joshi was with us Manga, Sudhir and Pushpa also were there. We met Allabux at his depot Hegare marges. We went with All India Radio office and requested Bhusnurmath to cover the Children's Holiday Home at Gokul Nagar in the last days of the Shibir – i.e. by the 13th or 14th. He will speak about it to the Asst. station Director. We left Gangutai at Dharwar and came back to Hubli at 2 P.M.

I came and lied down for about an hour. At about 3 P.M. I woke up. Then my head began to reel when I was yet on the mattress. When I tried to get up again, head reeled. From 3 P.M. to 7 P.M. – Off and on, I felt giddiness. Again at about 10.15 P.M. when I tried to lie down the head reeled.

Mr. A.M. Shaik was anxious to help me through Homoeopathy. Dr. Kulkarni, a Homoeopath was sent by him to examine me and treat. I told him to send the medicine the next day, but I vowed not to take it until I speak to my own doctors at Gokul Nagar.

Halasikar Vaidya came today and narrated his story of the Vidyalaya. He took exactly an hour. This is the second time he spoke to me about his work for the Vidyalaya. At night the teachers of the Vidyalaya – Balmurad Patwardhan, R.R. Shende and myself, I sat for about 1½ hour and discussed the question of administration of the Vidyalaya.

I have decided to send Narmada Kunthakar to Bombay. Accordingly steps were taken. Personally I think the girl would certainly remain loyal to the Institute and will serve it to the best of her ability. The Handicrafts training in the H.T.T. College, Bombay, will be additional activity for the K.H.I. which will help raise the standard of Villagers whom we were serving medically. I have decided to help Narmada in every possible way through Vimal who should be able to guide her in all future activity

I will have to take a note of my weight which is slowly going up. That won't do. I will have to get it under control. Never was I so heavy as that. It is a burden to me in climbing the K.H.I.

Weight today is 138 pounds
